**Welcome to the Ohio Impact Statewide Immunization Information System (ImpactSIIS) Web application.**

This web application allows enrolled users to conveniently search for patients in the ImpactSIIS Central Registry and to view the patients' vaccination record. In addition, authorized users can add and edit patient records and vaccination records, as well as maintain facility, physician, and lot number data.

Enter Username and Temporary  
password and click LOG IN.

A screenshot of the Ohio Department of Health IWeb login page. At the top center is the Ohio Department of Health logo. Below it are two input fields: the first contains the username 'FacilityUser' and the second contains a masked password '.....'. Below the password field is a dark blue 'LOG IN' button. Underneath the button is a blue link that says 'Forgot Password?'. At the bottom center, it says 'Powered by' above the STC logo, which consists of three globes and the letters 'STC'.

**Security Agreement**

Title: Impact Statewide Immunization Information System

Agreement:  
**Impact Statewide Immunization Information System Security Agreement**

Revised 03/2014

**Practice Administration**

The Ohio Department of Health (ODH), pursuant to section 3701.13 of the Revised Code, may take such actions as are necessary to encourage vaccination against those diseases specified in section 3313.671 of the Revised Code. As the Authorized Individual (hereinafter "AI") acting on behalf of the organization (hereinafter "Practice") indicated below, I am entering the Practice into a binding legal agreement with ODH to access the ODH Impact Statewide Immunization Information System (ImpactSIIS). This Agreement bearing an original signature must be returned to the address below and a copy kept at the Practice's administrative office.

The information contained in ImpactSIIS is the sole property of the State of Ohio and is intended for use by the medical and public health community. Any disclosure of ImpactSIIS information is only for the purpose of promoting or encouraging vaccination against vaccine-preventable childhood diseases and ensuring age- and risk- appropriate screening to help detect potential problems and helping to ensure follow-up treatment.

- The Practice agrees at all times to utilize best practices in safeguarding and maintaining the confidentiality of all patient data in ImpactSIIS, including, but not limited to, logging off when not present at the computer. **The Practice assumes full responsibility for any use or dissemination of the confidential information it obtains from ImpactSIIS.** Any use or dissemination of confidential information in violation of this Agreement may result in ODH, at its sole discretion, terminating all current and future access to ImpactSIIS and may subject the violator(s) to legal action.
- A patient's, parent's and/or legal guardian's (hereinafter collectively "Patient") medical, demographic, and financial information including, but not limited to government assistance programs, and private insurance is strictly confidential and may only be used for the exclusive purpose of providing health care services to the patient as described in the Ohio Revised Code. **Under no circumstances may a Patient's demographic or financial information on ImpactSIIS be copied, conveyed or disseminated unless the practice receives the Patient's consent.**
- By signing this Agreement the Practice and its employees who are granted access to ImpactSIIS agree to and are hereby bound by section 3701.17 of the Revised Code governing protected health information.

discretion of ODH. Any substitute or supplementary form of notification must be approved by ODH in advance.

- The Practice will make all reasonable efforts to ensure that all immunization, screening and demographic information is entered with accuracy, including any edits or amendments to existing records.
- The AI must designate at least one employee to be the "Key Master". The Key Master coordinates and manages the Practice's utilization of ImpactSIIS, including restricting access and training employees to use ImpactSIIS as directed by ODH.
- The Key Master will insure that each log-in name and password is assigned to and disclosed to only one employee. If the AI or a Key Master finds a breach of security, the AI or Key Master shall notify ODH immediately.

I have read and understand the terms of this Security Agreement. By signing below, I assert that I am authorized to bind the Practice. I also agree to ensure that all persons granted access to ImpactSIIS have read, agree to and will abide by this Security Agreement.

Logout and back in using  
new password.

The screenshot shows the Ohio Department of Health IWeb interface. At the top left is the Ohio Department of Health logo. The top right shows the user is logged in as 'FACILITYUSER ONE' and the date is 'May 30, 2017'. The organization is identified as 'ORGANIZATION 10 (603) / FACILITY 603'. A navigation menu on the left includes links for Main, Home, Logout, Patient, Vaccinations, Scheduled Reports, Job Queue, Change Password, and Answers. A red arrow points to the 'Logout' link. The main content area displays a message: 'Password changed successfully' and 'Please logout and then log back in to continue.' Below the message is the IWeb logo, version 5.16.12.1, and the STC logo.
